

## Global Power Claims

---

Every 60 seconds, a family gets water, a hungry child is fed,  
and a family gets the tools to overcome poverty.

*This Global Power Claim can be used with all three statements together, as shown, or used as individual statements.*

---

World Vision is reaching one new person every 10 seconds  
and three more schools every day with clean water.

---

In just five years, together we impacted the lives of over 200  
million vulnerable children by tackling the root causes of poverty.

---

Over the last 10 years, 89% of the severely  
malnourished children we treated made a full recovery.

---

Because of our community-focused solutions,  
for every child you help, four more children benefit, too.
